

New Gold Coast showroom

Dentists on the Gold Coast now have access to one of the country's most attractive dental equipment showrooms, following the opening of the NEW East Coast Dental Services showroom at 1/33 Palm Beach Avenue, Palm Beach.

The new showroom features class leading dental equipment and accessories, including complete surgery layouts with dental units, common ancillary equipment and specialised dental cabinetry.

The new showroom opening marks a new chapter in the growth of East Coast Dental Services, which now provides design and construct services, in addition to sales and servicing of some of Australia's leading brands of dental equipment.

The expanded offering includes the full range of A-dec dental units and LED lighting, W&H handpieces and sterilisation solutions, A-dec "Preference" cabinetry and the complete range of Acteon and Sopro X-ray units, digital sensors, phosphor plate systems and intraoral cameras.

The company also collaborates with specialised dental design and fit-out companies including Gold Coast based Denman Designs, enabling them to provide a full 'turnkey' surgery solution for dentists establishing, renovating or expanding their practices.

East Coast Dental Services has also introduced a unique line of dental consumables including the incredibly distinguished and glamorous Italian range of Monoart disposable products comprising brightly coloured matching bibs, masks, cups and saliva ejector tips, and a never seen before high end line of Zero DentalArt automated wall storage units.

The new showroom was opened on August 1 at an Extravaganza function attended by approximately 60 guests, including many dentists and other dental professionals from the Gold Coast and Northern NSW.

A number of VIPs and key sponsors also attended the event including A-dec Queensland Territory Manager, Brian Gardiner and A-dec National Sales Manager, Patrick Jones; W&H ANZ Territory Manager, Chris Jobson; equipment finance specialist, Angela Warren from BOQ Specialist Bank Limited,

and Patrea Elmer from Qld Dental Staff Recruitment.

As well as taking advantage of some of the many special equipment packages on offer at the event, a number of lucky dentists went away with some major lucky door prizes.

The drawcard prize on the night was a weekend for two at the luxurious Moroccan Suite at Rae's on Watego's in Byron Bay, including two spa packages, sponsored by Anne-Maree and Drew Walker of East Coast Dental Services as a thank you to their loyal customers. ◆
